

WGTC Coronavirus - COVID 19 New Guidelines

Version 4 – 16 July 2020

Following new guidance from the LTA, we have updated our current **WGTC Coronavirus - COVID 19 Guidelines** to include the following additional points. Please note that our previous Guidance (31.05.2020, Version 2/3) remains in place. As before we need members to please respect and follow our Guidelines and advise us of any concerns.

PRE-ATTENDANCE SYMPTOMS CHECK. Anyone coming to WGTC must undergo a self-assessment for COVID-19 symptoms before leaving home. You must self-isolate if you, or someone you live with, has identified ANY possible symptoms.

NHS TEST & TRACE. We are now required to keep a full temporary record of everyone on site at any one time. **All members, coaches, parents, staff and visitors should sign in and out** of the new book using your own pen.

SOCIAL DISTANCING. **Players and visitors are advised to limit interactions** to the small group you are attending the club with, and to maintain social distancing at all times. As before, we aim to have a maximum of 6 people in the courtyard area at any one time.

INDOOR FACILITIES. **The upstairs toilets can now be used but the showers remain closed** and members should continue to avoid changing at the club. The Clubhouse remains closed for general/social use.

COMPETITIONS. Various competitions can now resume, including the Club Tournament, and will be individually risk assessed.

COMMUNICATION. Any tennis related activity has the potential for increasing the risk of transmission of Covid-19. The Government's guidance on staying safe outside your home should be followed at all times.
